Dear KANISKA MANDAL,

Congratulations on your elevation to IEEE Senior Member grade. You are among an elite group in IEEE. Fewer than eight percent of the more than 425,000 IEEE members hold this prestigious grade of membership, which recognizes significant professional technical accomplishment.

Attached is your 2019 membership card. You will also, in the coming weeks, receive a plaque that signifies this great achievement.

IEEE Senior Members contribute significantly to IEEE's reputation as the leading technical professional organization. Read more about the IEEE Senior Member program and its benefits at [www.ieee.org/seniormember](http://www.ieee.org/seniormember).

Congratulations again, and best wishes for your continued success.

Sincerely,

*Cecelia Jankowski*
